## SEMINAR INFORMATION

### ESSENTIAL SPANISH FOR THE SPEECH-LANGUAGE PATHOLOGIST

Presented By Penny Chesner-Morris

**Course Description:**

This course is designed to help professionals that work with Spanish-speaking students, clients and parents. The Spanish-speaking population in New York is increasing and the number of bilingual professionals is limited. Although the majority of us do not speak Spanish, it is beneficial to learn basic Spanish related to our profession.

**Learner Outcomes:**

As a result of this course, the participant will learn in Spanish: common category vocabulary, functional commands, anatomical terminology and oral motor/articulation prompts.

**Presenter:**
